DEFINING TOMORROW

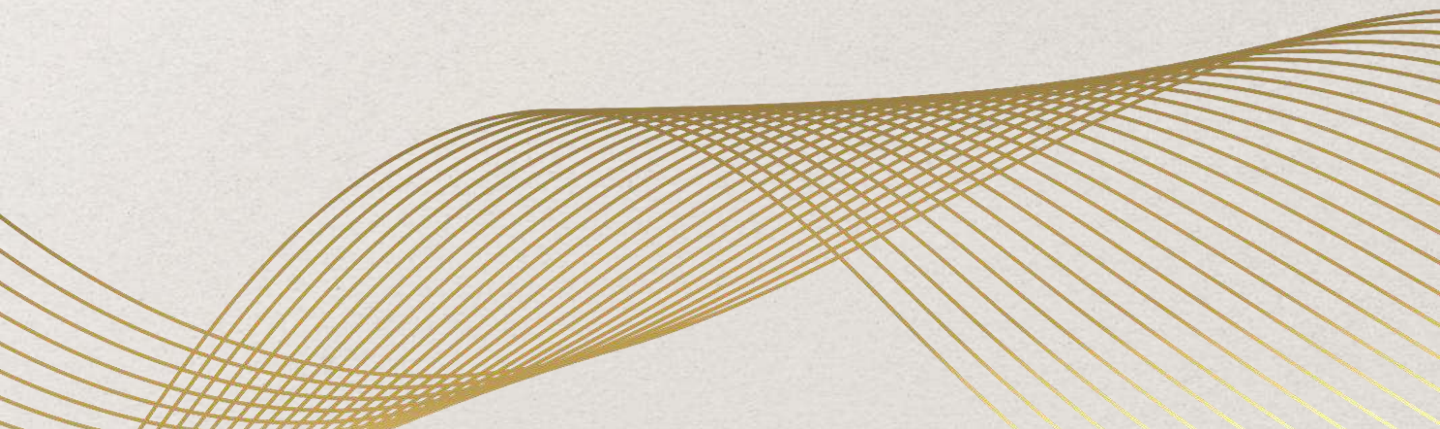

TOMORROW ISN'T SOMETHING WE
WAIT FOR; IT'S SOMETHING WE CREATE.

DEFINING TOMORROW

Reflects HOPE's commitment to bringing together the ideas, leaders, innovations and conversations that will shape the future of hospitality, travel and business. As industries converge and new opportunities emerge, HOPE 2027 will serve as a platform where global perspectives meet Indian ambition, where challenges inspire innovation, and where today's conversations become tomorrow's breakthroughs.

Together, **we will explore what's next and help define it.**

WHY HOPE MATTERS BEYOND HOSPITALITY. BEYOND CONVERSATIONS.

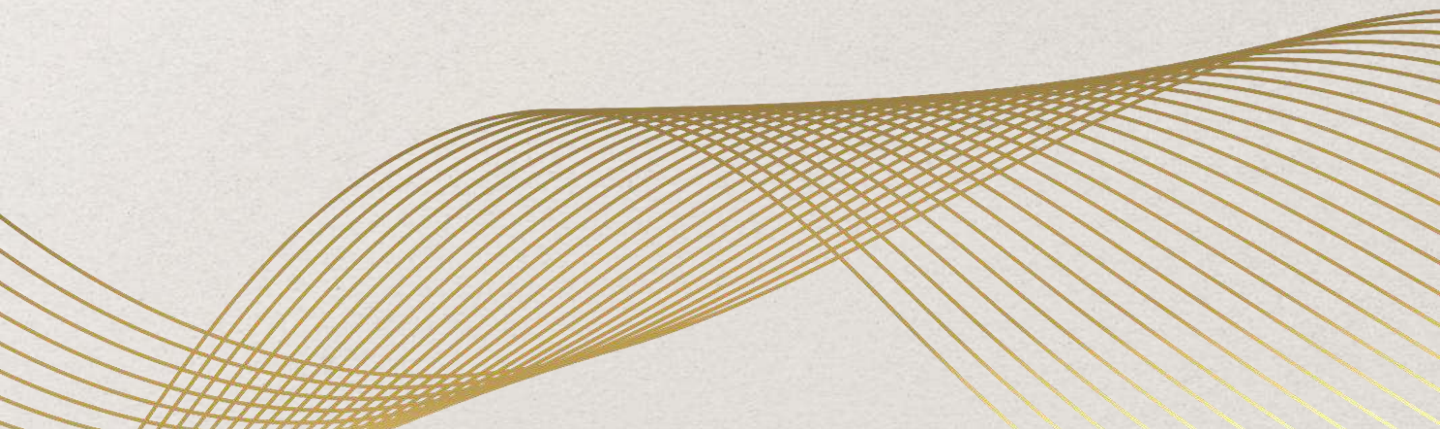

Hospitality today is no longer shaped by the sector alone. It is influenced by the economy, technology, global trends, consumer behavior, lifestyle, entertainment and the changing aspirations of travellers.

HOPE 2027

Recognising this evolution, HOPE 2027 goes beyond the traditional hospitality and travel conference format to present a more diverse platform. While hospitality and travel remain at its core, this year's programme brings together thought-provoking conversations that extend beyond the industry, offering fresh perspectives, cross-sector insights and inspiring stories that resonate with today's leaders.

The result is a more engaging, dynamic and enriching experience; one that connects diverse ideas, forward-looking perspectives and inspiring conversations, empowering leaders navigate an ever-evolving business landscape and define a new tomorrow.

It provides an important platform to discuss what is at stake, the significance of the industry for India, and how we can grow responsibly while contributing to the communities in which we operate and to the people of India. The name HOPE itself reflects our shared optimism for a bright future, especially for the frontline colleagues who are at the heart of our hotels. Mandeep is a great leader to bring us all together, and it is a privilege and an honor to be here."
